

SOME REVIEWS FOR MISSING EMILY:

"I stayed up after midnight to finish the book. Loved it. It is so difficult for new authors to get their work read. I have picked up a lot of books from established authors after reading rave reviews and was terribly disappointed. Gerri's book deserves great reviews." *Carol Krasauskis* 4/16

"Gerri LeClerc's debut novel builds a suspenseful and poignant story around a compelling question: how far will a mother go to save her child? Around that timeless issue she deftly weaves themes of medicine and magic, bonding and betrayal, lives at risk and spirit that transcends death." Suzanne Fox - Stories of You Books

"I was a little hesitant that the story would be sad but within a few short pages I was pulled into the story and couldn't put it down. Very well written. Well worth the read. Would make a great Book Club Book. Lots of discussion points." J. Anderson
